Extracts from the notes and orders in L.R. file 29-35
re: Amendments to the existing law and rules consequent
on the orders issued on the Inam Committee's Report.

Office Note

17. It is submitted that the draft amendments proposed are suitable. The following points would however seem to require consideration.

(i) Para IX of the Revenue Commissioner's Note:- It appears that section 35 (1) of the Irrigation Regulation requires to be amended as proposed already in the Secretariat. Section 3 (1) of the minor Tanks Restoration Regn. also seems to require amendment as already suggested in the secretariat.

(ii) Para 14 of the G.O. re: Remissions:- The Revenue Commissioner may perhaps be instructed to issue suitable instructions in the matter as suggested in para 1 supra.

(iii) Para 17 of the G.O. re: Dist. Lds. being required to pay greater attention to communications etc., in inam villages:- The L.S.G. Branch may perhaps be requested to take necessary action in the matter as proposed in para 1 above.

18. The Director of Land Records may, if approved be consulted U.O. regarding the proposal of the Revenue Commissioner to substitute certain rules for those contained in para 3 of Chapter XV of the Revenue Survey Manual.

A. This will be done if approved.	) This may be done in another file as it is administrative and not legislative matter.
After the opinion of the Director	
is received, draft amending bill	
with statements of objects and reasons will be put up together with revised draft rules.

The Secretary to the Government of His Highness the Maharaja of Mysore.

Development Department.

To

The Revenue Commissioner in Mysore,

Bangalore.

Sir,

I am directed to forward herewith for necessary action,
an extract of para 17 of Government Order No. R.350-409/L.R.
110-33-14 dated 15th July 1935 passing orders on the report
of the Committee appointed for suggesting measures for im-
proving the condition of tenants in inam and jodi villages
in the State.

I have the honour to be,

Sir,

Your most obedient servant,

T. J. An

Am

Secretary to Government,
Development Department.

17. The Committee bring to notice that, in the course of their examination, Communications and other amenities representations were made to them both by the landlords and the ryots that inam villages were not well served with communications, were not given any share of the grants for public improvements like drinking water wells, etc., and that adequate medical and sanitary facilities were not provided. As a general rule, the condition of inam villages may be said to be not so good as that of Government villages. The Committee therefore consider that, as the different kinds of cesses are being recovered from the landlords and tenants of inam villages, they are entitled to their proper quota of assistance from Government and District Boards in connection with the various schemes of rural improvement. They suggest that District Boards should be required to pay greater attention in respect of communications, drinking-water wells and schools in inam villages and that the Revenue Department should also be asked to take more interest in the development of Panchayats in such villages. Government approve of both the suggestions.

"Extract"

In Secretary to Government,
Development Department.
